David Aum El Sa Ta Ma

Singing to God

A Message

This message is from **David Aum El Sa Ta Ma** so that you will know him and love God as he does. The songs in the CD accompanying this message are that Love. The Song Title List is provided separately.

“Be in the Holy Light of the One called Sa so that the gifts may be given in this way. Say, then sing, the Old Way back into Earth. Do this with and for all Indigenous People. Let the Grandfathers and the Grandmothers, the moon of the Stars and the God of the Sun speak again.

The One who always remembers the Mother of Earth also remembers Her Mystery and waits now to reveal her as He knows her. This will light the plane of Man in order for her to find her new place in the Heavens Above Her. We who serve the Light will witness soon Her Ascension into Her Undeniable position as a God held in Goddess Love. See, if you will, how she must love all of you that her greatest desire is that you all accompany her there. What, please ask yourselves, would such a Light Feel Like? Let me tell you. It would feel like all you ever hoped for had lived in her until you were prepared to travel the Way with Her. And now having done so, your hopes were now finally and fully made richer for the journey.

Why, I ask you, do you not ever say – Thank You? Why, I ask you, do you ever wait to express your undying love for her? In every breath you take, in every moment you live upon her bodies she does this for you. You, too, might do well to be like her and do the same for Her, my friends of the Third Dimensional surface reality of Earth.

Where did you all go? And can we find you in time to move as One together from one time and place to a new life on Earth. When I look at your world I can only see small

flickering lights moving slowly from one position to another. Surely you must know that you will be in need of more than this to move up? To move around in the plane of Heaven? What you believe now, will not sustain you in the near future. Your account is nearing empty – with what do you propose to invest in each other that you may know Me and participate in this wondrous Day – the Ascension of your world? Surely you will not be surprised to find yourself adrift in a sea of confusion, lost at least for a little while in a land where love seems to have departed? If you have not gone with her – where then should you be? She IS the Love and where she goes it goes too. I strongly suggest you consider following the Love; follow her, and find yourselves completely embraced by Heaven, Her coming Heaven!”
